

Summer Scatter 2011

Sunday 8th May. Signing on at Broadlands Car Park (see map) from 1400h. Start at 1500h, finish at 2000h.

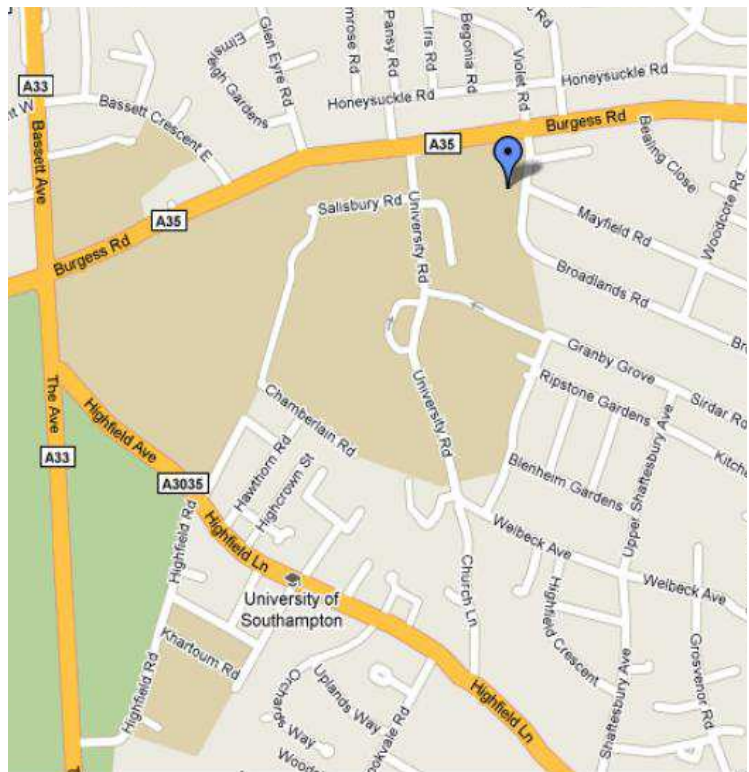

This event is a navigational scatter and can be thought of as a cross between a large treasure hunt and orienteering in cars around the country lanes of Hampshire. At the start you are given a set of simple clues which, once solved, give you the locations of the “treasure” or route checks. It is then your job to collect as many route checks as possible in the 5 hours available with opportunities to pick up extra clues and points from marshals along the way. The team which collect the most points and makes it to the finish pub on time wins.

This event is open to anybody (not just WMC members) and intended to be fun rather than competitive. Anyone taking it too seriously will be laughed at.

The entrance fee is £5 per team – a bargain!

You will need:

- A car - you can compete in any road legal car at your disposal.
- A driver (you or a friend).
- A navigator (a friend or you).
- Stationary - soft pencils and a rubber.
- Optional extras – passengers are useful for helping to solve clues and find route checks.
- OS Landranger map 185 will be available for purchase at the start (£5).

If you have any questions about this event, please feel free to contact the committee committee@wessexmotorclub.co.uk or visit our website www.wessexmotorclub.co.uk
